

A Tradition of Leadership

FAMILY GIVING TO HPA

A tradition of giving

Since the beginning of HPA, generous gifts have made it possible to offer programs, opportunities, and campuses that support each student in their unique development. With strength that comes from our families and alumni, HPA goes beyond the ordinary—whether that means scientific exploration in our Energy Lab, Hawaiian studies at the Village Campus, or health and safety protections during an unexpected pandemic. Together, we keep HPA strong for our children and our community, and we welcome you into this tradition of generosity and mutual effort.

How and why we give

Philanthropic support allows independent schools like HPA to offer more ambitious and distinctive student programs than would normally be possible through tuition alone. Our giving takes place through two main avenues: the HPA Fund and the HPA endowment.

The HPA Fund

The HPA Fund influences virtually every aspect of learning and life at HPA. Through the fund, families, alumni, and friends join together to provide flexible, immediate financial resources that elevate HPA programs and benefit all students, every year.

The HPA Endowment

Endowment gifts go above and beyond the annual support we contribute to the HPA Fund. By establishing a permanent endowed fund, families uphold our programs not only today but far into the future. Endowment fund levels begin at \$25,000 and rise to \$250,000 or higher, depending on the desired impact for HPA.

Today and tomorrow for HPA

Guided by a thoughtful strategic plan and groundbreaking sustainability plan, HPA is working to elevate its programs not only this year, but also for the future. By growing the HPA Fund and the HPA endowment, we embrace future learning opportunities from a place of vision and strength.

As a school community, our big goals include:

- Increase financial aid through the Wai'aka Initiative, to ensure that HPA remains open and welcoming to students from all walks of life.
- Elevate our K-12 capstone program and inquiry-based learning across all grades, with even stronger connections to the place and traditions of Hawai'i.
- Empower young leaders who champion environmental change, on a campus that is among the greenest in the world.
- Invest in our facilities and open spaces to ensure that HPA's special campuses remain a home for learning today and into our future.

We invite you to join our HPA Fund Leadership Circle

Our circle celebrates the impact of donors who sustain HPA programs through leadership in the HPA Fund. Circle supporters contribute gifts of \$25,000 or more on an annual basis. You can direct your circle gift toward the area of HPA that matters most to you.

We hope you will join our tradition of giving as generously as you are able. Thank you for helping to strengthen this school that we together experience as special and rare—because of our place, programs, and exceptional people.

Give however is best for you. HPA gratefully accepts gifts via phone, wire transfer, mail, or online: www.hpa.edu/give

Questions? Please contact Hannah Hind Candelario '01, director of advancement, at hcandelario@hpa.edu or Zaheva Knowles, director of alumni and parent giving, at zknowles@hpa.edu.

“ Our family was drawn to HPA by its beautiful campus and the opportunity to learn with students from all over the world in boarding school. This year, it feels especially important to support the school, since the pandemic has brought extra expense and caused financial uncertainty for many families. We have always believed in supporting financial aid to allow for a great education to many deserving kids. We are so appreciative of the teachers and staff, and all they have done to make in-person school happen safely this year. We love being part of the HPA ‘ohana! ”
