

THE HAWAI'I ADVANTAGE

University admission directors recruit more in Hawai'i than in many other U.S. states. International students have an edge when applying from HPA.

COLLEGE COUNSELING

Expert guidance and outstanding results.

At Hawai'i Preparatory Academy, our college counselors have designed a program that supports each student on his or her individual path toward higher education. We believe the search process is a critical component of the overall learning experience at HPA. You will begin by exploring your own interests, abilities, and expectations through the many programs HPA has to offer. Later, you will turn your attention outward to investigate an array of college, university, and post-graduate options. Using our extensive knowledge of the higher education landscape, our core goal is to help you find the very best match for your talents and future aspirations.

UNIVERSITY PLACEMENT

HPA graduates are consistently admitted to and attend prestigious institutions, such as those below, as well as many other highly-selective colleges and universities. We place great importance on helping students develop a college list that is an effective match for their strengths and future goals. Virtually 100 percent of our graduates enroll at four-year institutions and report high satisfaction with their university choice.

GUIDANCE YEAR BY YEAR

Freshmen and Sophomores engage in introductory activities designed to help them maximize their opportunities at HPA and begin the process of setting ambitious and realistic goals for their college futures.

Juniors increase their level of engagement through participating in college counseling workshops to prepare for the senior year, individual meetings with their college counselors, test prep, and specialized college presentations.

Seniors continue with individual meetings and workshops to complete their applications, select their school, find funding for their education, and make a successful transition to post-secondary school life.

Information is reflective of HPA's offerings in a typical academic year. Some programs or services may be unavailable due to COVID-19.
